A LOUISIANA'S RIVER PARISHES EXPERIENCE

**Follow the links!** We've numbered the locations from west to east, but we've found many people want to begin their Andouille Trail tour in LaPlace, the Andouille Capital of the World. Several spots provide tours of the Andouille process along with samples of their unique products, made from secret, generations-old recipes. There are many to-go options along the trail, with authentic Andouille to buy or have shipped, and even a Cajun Cooking Experience Tour!

You can also find wonderful Andouille at restaurants throughout the area with smokehouse-to-table specialties. From higher-end locales with gorgeous views of Lake Ponchartrain or historic homes and gardens to mom-and-pop stops with plate lunches, Andouille is served smoked for the tasting as well as in inventive ways – pizza toppings, Andouille-crusted filets and, of course, chicken & Andouille gumbo!

Be sure to attend the Andouille Festival! Held in LaPlace each October since 1972, the importance of Andouille to our region is celebrated with fun and festivities along with Andouille in everything from nachos and gumbo to fried chips. It's a not-to-be-missed fall event!

Come, follow the links on the Andouille Trail and experience one more reason to love Louisiana's River Parishes.
